

praise God Brethren for

praise God Brethren for he has done it again!

My name is Kpor Giobari Vincent from Ogoni District under portharcourt diocese, my testimony is thus :

My sister called me while i was at Enugu crusade that for the past three days she hadn't been to use her eyes effectively, that is she was completely blind. But on friday 13th of April 2018 during the above mentioned crusade while the man of God was ministering he said dat if u came wit d pics of ani ill person dat dat u should put it up. so i use my eyes as a point of contact n wen i got home she told me dat it was dat exact night dat she got her healing. Praise God Amen
